When a man tells you that honor, honesty and love are not compatable with present day civilization tell him he lies.

The Tropico Inter-urban Sentinel

No matter what the other fellow does let us keep our own back yard clean, metally and physically. There's too much reforming the other fellow and not enough reforming of ourselves.

A better country than the San Fernando Valley to live in may have been made, but has not yet been discovered.

HOW ABOUT THE WATER?

Have You Investigated For Yourself or Are You RELYING ON OTHERS

See What Neighboring Cities are Doing With Their Municipal Plants. Are We Back Numbers? Look Into This Matter.

Does a municipal water system pay?

This question is answered in the case of one city at least by the report of the superintendent of the Monrovia water system. That report shows that Monrovia received over $7,228.36 from sales of water over the amount of expenses for the year. It may be added also that the minimum meter rate in Monrovia is 50 cents per month. In Tropico it is $1.25. Here is a part of the report of the superintendent of the water works of that city:

"Supplies bought	$ 1,870.00
Pumping power	5,478.06
Salaries and labor	9,634.23
	$16,982.29
Total collections	$24,210.65
Total expenses	16,982.29
	$ 7,228.36

"There will be a saving of $2000 in power this year. Also, there will be a saving in labor and supplies, and the water in two wells in the canyon is a great benefit to Monrovia's water system.

"If the dry season keeps up, we will clear $12,000 this year, which money will pay for all extension and enlargement of the system as the city grows."

Why cannot Tropico have her own water system, with a consequent lowering of rates, with more water and with fire protection?

Some day the people will wake up and lock the barn after the horse is stolen. Some day a big fire will wipe out some of the best buildings while the citizens stand idly by, unable to do anything on account of a lack of water.

Why not prevent this?

Yet Living in the Dark Ages

In Judge Melrose's court last Thursday the case of Gould vs. Green was up for hearing before a jury composed of Frank Davis, Foreman; Wayne Frank, Harry McAdams, H. A. Jennings, F. E. Ashton, H. M. Goldsmith, Mr. Laws, J. Moinot, D. C. Lovel, J. Ledger, C. F. Lake and E. M. Schipman. N. C. Burch acting as attorney for the prosecution and Frank C. Prescott for the defendant. The case was turned over to the jury at 5 p. m. and after deliberating for several hours and after many ballots were taken, in which the score was always 11 to 1 for acquittal, they finally came to an agreement and at 9:30 returned a verdict of guilty and asked the leniency of the court. Judge Melrose ordered the defendant to appear before him at 9:30 a. m. Tuesday and receive sentence.

The case was one of assault being preferred against J. C. Green by Marshal Gould, and grew out of what has been for some time a neighborhood feud.

It appears that Mr. Reynolds who lives near Moore avenue has a pumping plant and the pipes are laid through property belonging to J. C. Green, a neighbor. Some time ago a pipe burst on Green's property and Reynolds wanted to repair it, but Green resented his coming on his land. According to law three feet on each side of a pipe line are exempt and Reynolds had a perfect right to repair the leak. Some time ago Reynolds with a crew of men started to do the work, when Green interfered and an altercation took place, at which time Green came out best and took the tools away from Reynolds and had him and his men arrested, bringing the tools to Judge Melrose for safe keeping. Reynolds then, through his attorney, entered a civil case against Green to recover the tools. Judge Melrose at this time refused to hear the case and ordered a hearing before some other justice on Tuesday, May 20, at 10 a. m.

On April 14 Reynolds decided to make another attempt. At this time Green's wife telephoned for Marshal Gould to come and preserve order. Upon his arrival at the scene he found Mrs. Green on guard with a gun. Mr. Gould took the gun from Mrs. Green upon her promise to be good. But she immediately threw herself across the place where Reynolds was working. During this time a sister of Mrs. Green sent for Mr. Green, who appeared upon the ground as Marshal Gould was endeavoring to pick Mrs. Green up, and he grabbed up a pick-ax handle and began to belabor Gould. This brought about the arrest and trial of Green. At the trial Green's attorney from Los Angeles, Frank C. Prescott, started his harangue by challenging the entire panel for cause, stating that the Marshal as prosecutor had no right to impanel the men. This motion was overruled, as a deputy had been assigned the work. Prescott then challenged the deputy. Motion was overruled. After the panel was complete Lawyer Burch appeared for the prosecution. However, Judge Melrose gave the defendant the advantage and allowed him to tell his story from beginning to end. Green, on the stand, evidently forgot where he was, and statements made by him were very derogatory. It was a case pure and simple of resisting an officer in the performance of his duty, intent to assault an officer and according to law, should have been settled without a trial. Such lawful procedure is punishable by heavy fine and imprisonment. Officer Gould, however, preferred only a charge of assault, and Judge Melrose was compelled to permit a jury trial.

LATER.

Judge Melrose sentenced J. C. Green to $150 fine or 150 days in jail. Green has until Thursday to settle. He will probably appeal the case.

GOOD ADVICE.

An old school teacher used to say to his boys: "You know more now than you will ever know again. Take my advice and forget something each day. Then when you are fifty, perhaps you will know something."

This is good advice for men as well as boys. Forget something every day. Forget your petty irritations, forget your grouches, your mean criticisms of public officers, your dislike of this and that individual, your self-importance. Clear out all the rubbishy thoughts and ideas and habits that are not worthy of a place in a live man's brain. Make room for bigger things. Get the habit of seeing things in their true proportions, and especially the habit of seeing yourself in your proper relation to others about you. BACK OFF IN A CORNER FOR AWHILE EACH DAY AND WATCH YOURSELF GO BY. Look yourself over as critically as you appraise others, and suggest improvements just as ruthlessly. Then, perhaps, when you have forgotten enough of the things not worth remembering, your friends will doscover that you know something rather valuable. You may not discover it—you'll be too busy on improvements for any self-congratulation. BE A BOOSTER.—Sawtelle Tribune.

CHINA SHOWER.

In honor of Miss Marie McDonald of Eagle Rock a china shower was given by Miss Emily Ellias, Mrs. Wm. Livingston and Miss Leta McCoy in the garden of Mr. C. C. Chandler, Miss Ellias' grandfather, Friday afternoon, May 16th. The guests were first escorted to one of the arbors, which was artistically decorated in Oriental fashion. Here games were played in imitation of the Chinese. A pretty book of love lyrics was explained thus: Miss Marie McDonald was about to marry the emperor, and her friends could not allow her to go to the capital without a dowery. Each must find something to contribute for the occasion. Accordingly, the guests scattered through the garden, from whence each later emerged with a gift which had been hidden among the foliage. With these they all accompanied the guest of honor to another arbor, the capital, "Peek In." Here the bride-to-be discovered that her dowry consisted of beautiful pieces of china. Here, also, chop suey sundae was served in dainty blue dishes, which were the gifts of the three hostesses.

Pictures were then taken of the capital and its inmates, who were: Misses George Duffet, Alpha Clement, Berenice Williams, Marie McDonald, Ruth Brown, Lillian Ellias, Katherine Lennon, Elis Tipton, Lois Graham, Myrtle Wood, Ray Davis, Sarah McLean, Helen Tupper, and Mesdames McDonald, E. D. Goods, Brown, Danford, McLean, McCoy, Ellias and R. E. Goods.

MEMBERSHIP GROWS

Civic Club Has Big Things Underway to Help All.

WATER QUESTION

Is of Vital Interest to Every Man Woman and Child in Tropico Committees Actively at Work. Every One Asked to Aid.

At the regular meeting of the Civic Club, Tuesday evening, a number of new members were admitted.

Many people are coming to recognize that the Civic Club is a forceful factor in the advancement and improvement of Tropico; that neither the club nor any of its members have any individual or pet schemes to foster or promote, and that the work of the club is truly for the upbuilding and improvement of Tropico, and are joining the club and allying themselves with its activities.

It is being recognized that the Civic Club offers a means by which all those who want to do their part for the town can centralize their efforts and gain the momentum of a united pull.

The street marking committee reported progress made and submitted photographs of waiting stations in different sections which had been especially taken by one of the committee, Mr. H. H. Coles.

The water committee reported results of its labors and after same was discussed it was moved by Mr. Charles Phillips that the present committee be empowered and authorized to obtain an option on the present plant at the best possible figure, and on the best terms and to report at the next meeting.

This committee is composed of C. T. Van Etten, Dr. W. C. Mabry, Earl Clemens, Frank B. McKenney, G. N. Adams, N. C. Burch, Dwight Griswold and Harry L. Edwards.

Attention was called to the persistent neglect or oversight of the Los Angeles dailies in failing to credit Tropico with any legitimate news matter and the secretary was instructed to write the management and find out who their local correspondents were, preparatory to taking the necessary steps to have Tropico obtain its justifiable place on the "news map" of the day.

There will be a meeting of the water committee at the offices of Pettitt & Burch, Thursday evening. Those interested in solving the water question are invited to meet with the committee and lend their assistance and counsel.

GOT MIXED UP.

Glen Martin, the aviator, got his "wires" crossed or hoodooed in some way Monday. He forgot the difference between an airship and an automobile. Monday morning he exceeded the speed limit up in Glendale and Judge Sherer taxed up a little $10 fine to bring Martin back to earth. This fine was paid.

Then rushing to make up lost time, the aviator-motorist sped down San Fernando road and through Tropico at a 40 mile clip.

Just before he reached the Los Angeles city limits one of Tropico's motorcycle squad nabbed him.

In view of the previous fine and his courteous manners Judge Melrose relented and only made the fine $15. This was paid and in his gratitude Martin asked the Judge to come over to his camp in the Griffith mountains and take a ride on one of his areoplanes.

Judge Melrose replied that he would, indeed, be pleased to do so, but that he could not reconcile the dignity incumbent upon his official capacity with such a trip and for that reason only, much as he regretted it, he would have to decline the invitation.

THURSDAY AFTERNOON CLUB.

The Thursday afternoon Club met at the home of Mrs. T. C. Thornton May 15th. Mrs. Ashton, Mrs. Ella Richardson and Mrs. Mary Edwards, assistant hostesses. The latter being at El Paso, sent a beautiful letter expressing her approval of choice of officers and her support of club work. The guests were Mrs. A. L. Bancroft and Mrs. Mary Gridley. The musical program was arranged and rendered by Miss Helen Beatrice Cooper, accompanied by Mr. Ferdinand Regali, who played the violin, and they gave one of the most pleasing musicals ever enjoyed by the club. Mrs. Richardson passed out neat little booklets of Boulder Creek views, extending the following invitation to all to visit her place in the Santa Cruz Mountains, where the redwood trees abound, in these words:

The Wild Woods.

I have bought a place in Boulder,
Away from the hives of men;
Where the air is as pure as childhood,
And you live those days again.
Then come to my home in the Wildwood,
And be my guest for a while,
Dreaming the dreams of your child,
Away from care, worry and guile.

The ladies accepted heartily, and, if not before, 1915 will find them there.

The dining room was a bower of wild roses brought from the woods at Boulder.

The ladies with their usual good fellowship enjoyed themselves among the blossoms and were served dainty refreshments. Mrs. Thornton passed the candy in an amusing dish, which contained a music box.

Altogether it was a day never to be forgotten.

Next Thursday afternoon, May 29th, the Thursday Afternoon Club will give a "Bonnet Party" at 2:30 at the home of Mrs. Frank B. McKenny, 131 Eulalia street. Admission, 25 cents, and all ladies of the valley are invited.

A DAUGHTER OF THE REVOLUTION.

Hale and hearty for one of her age, Mrs. Belden, 1220 W. Broadway, Glendale, passed her seventieth birthday on Sunday, May 18. This pleasant lady, while very restrictive, admits of a very distinctive and patriotic lineage. She traces her New England ancestry back to the American revolution in four distinct lines where records may be found in Plymouth landmarks and history of Connecticut. For many years parties have been laboring on the geneology of the family and their efforts have reached as far back as 900 and still going.

Mrs. Belden is popularly known as "The Artist of Glendale." Her paintings, nature studies, are taken from life and cover the walls of her home, many, perhaps, depicting the memories of happy days past. A lover of the open, she has spent many years in outdoor life, but declining health and three-score years and ten leave her with but one alternative, which she is resignedly taking, but no doubt enjoys—the evening of life among her paintings.

AN ENCORE

So successful was "Certificate Day" at Angelus Park that the Pacific Home Builders will repeat the entertainment next Sunday. Notwithstanding the day was cloudy and threatening rain a good crowd was in attendance, and it was a "buying crowd," too.

Over $40,000 worth of lots were sold during the day. Many of the purchasers say they will build in the near future.

One thing that attracted quite a lot of favorable attention was the sanitary manner in which the lunch was put up. Sandwiches, saratoga chips, cakes, etc., were put up in individual paraffine paper bags and handed out to the guests of the day. Coffee was also served.

Preparations will be made to care for the crowds next Sunday, and all are invited to come and see the "Prettiest Spot" in Los Angeles—Angelus Park.

SAWTELLE BOOSTERS' TRIP.

Tropico gave the Boosters a royal reception and presented each with a box of lucious strawberries, with an invitation to come to Tropico often, where residents picked berries such as those from their gardens every morning.—Sawtelle Tribune.

WEDDING.

Thursday evening, May 15, a wedding was held at the Catholic church, being the marriage of Miss Margaret Dixon to Mr. August Carpi. A honeymoon was taken to Catalina Island, where a week's stay was made. Mr. and Mrs. August Carpi will take possession of their new home upon its completion.

Abbot Kinney is making preparations to establish an automobile passenger motor truck line between Venice and Los Angeles. A twenty-minute schedule will be maintained and a fare of 25 cents round trip charged.

THE TRUSTEES MEETING

More Improvements On San Fernando Road Ordered.

CITY ATTY. BAKER

Discusses the Matter Of Closing Depot Street With the Board. He Is Ordered To Draft Sanitary Ordinances.

The regular "get-together" session of the Trustees was held Thursday evening. Although for a time it looked as if the meeting would have to be held on the sidewalk, owing to the hung jury in the Gould-Green case, which occupied the city hall. It was nearly 8 o'clock before the roll was called, all members being present. After reading the minutes of last meeting, the regular business was taken up.

Owing to the absence of the Building Inspector no report was made upon the conditions relative to the tent house erected on Acacia street. As in regards to this matter and as to the chicken houses being erected at Christopher and Columbus, Attorney Baker stated that in the future such requests for permits should be presented to the Trustees for consideration before being granted.

Several bills were read and and upon motion were referred to the finance committee and the following claims ordered paid:

Pacific Light & Power Co.	$ 2.00
W. V. Frank	1.50
Tropico Lumber Co.	28.45
Matt O'Brien	14.00
Tropico Garage	1.80

Street Commissioner Fishback appeared at this time and stated that San Fernando road was in a bad condition from Tropico avenue south and recommended that the Board order him to fix it. He said that it would require resurfacing and oiling and that the cost would be approximately $225. This was approved by the Trustees and the work was ordered done.

The matter of closing Depot street was then presented and much discussion ensued. A copy of the deed whereby J. B. Treadwell purchased from the Richardson estate the strip of land and then deeded same to the city to be used as a street, making a shorter route to the arch opening to the cemetery, was presented for reading, thus dispelling doubts that had arisen at a previous meeting as to the ownership of this strip of land.

The Pacific Electric Ry. desires to lay a branch track from the intersection of Brand boulevard and San Fernando avenue to connect with tracks there and so enter Glendale via Glendale avenue.

This move would be of great benefit to both Glendale and to people of Tropico living in that locality. On the other hand it would mean a longer route to the cemetery. It has developed that one corner of the arch projects out into the proposed sidewalk along Glendale avenue and would necessitate trouble of moving back to conform with regulations. No doubt the arch could be located at another spot, but the expense and undesirability caused the cemetery management to demur. The matser wat referred to the city engineer and city attorney to thoroughly investigate and report at a later meeting.

Dr. Mabry, Health Officer, appeared and asked about ordinances pertaining to his office in regards to sanitary conditions. City Atorney Baker allowed that the city had a right to protect sanitation through police laws in the absence of ordinances. He advised, in the matter of the reservoir, that Dr. Mabry request the water company to at least place a screen over the top and if they did not comply, an ordinance be adopted at once to force such work. Mr. Campbell had so far complied with the request to increase the water, but Dr. Mabry stated that while the supply now measured some 7 or 8 feet, it was still insufficient to supply the force needed in parts of the city. He also thought that not only should the reservoir be screened, but that a board top be placed over it to still further protect the water from becoming filled with dust, bugs, etc.

Dr. Mabry mentioned that the work on the chicken ranch being established at Christopher and Columbus streets was going ahead in spite of his admonition that it would be impossible for the owners to keep it in a sanitary condition. Mr. Baker ad-

Tropico ..... California
Sunset Phone Glendale 930. Home Glendale 1767.

HARRY L. EDWARDS.....Editer

"Entered as second-class matter, August 10, 1911, at the postoffice at Tropico, Cal. (Tropico Branch Los Angeles, Cal., Postoffice), under the act of Congress of March 3, 1879."

OFFICIAL PAPER OF THE CITY.

SUBSCRIPTION

One Year.....$1.50

Contributions from readers are always welcome and very much appreciated.

What do you know?

If you know anything tell the Sentinel. If you don't know anything, tell yourself.

You pull for Tropico and then Tropico will pull for you.

Trade with your local merchants. It's right that you should do so and it's good business for you to do so.

Stranger: Where is the best place in California to live?
Man Who Knows: Tropico, the Beautiful.

Start every day with the firm resolve to be kind and charitable and when night comes, kick yourself for every time you have failed; then get up next morning and go at it harder than ever.

Ah, that eight page Sentinel doesn't look so far off. Keep your best eye on Tropico and the Tropico Sentinel. A good pair is a good thing to draw to. Let us play a full grown man's game.

There is some difference in paying 50 cents a month for water and $1.25 a month. Monrovia owns its water system and charges 50 cents a month and makes enough at this figure to put in all needed improvements. Tropico pays $1.25 and makes its citizens pay for all improvements. Which is the better way?

After exerting his influence to prevail upon California to handle the Japanese question in a conservative and statesmanlike manner, President Wilson has very properly announced that he will support California in the bill finally passed. In doing so he again shows that he is a "big man." He may differ with you as to what is the better way, but above all he is an American and a real democrat.

ARE YOU DOING YOUR PART?

Tropico is as fine a town as can be found in all this glorious state of California. No better citizens can be found in any town or in any land. The merchants, the lawyers, the doctors, the preachers, and the mechanics are as good as can be found anywhere. The natural advantages are many. The location and transportation facilities are unexcelled in all of Southern California. We have the advantages and the opportunities. The great question that we each should ask ourselves is, Are we doing our share in utilizing the advantages and opportunities? Are we each putting our shoulder to the wheel and doing our part in the upbuilding of our beautiful little city.

Are we helping to pull the load, or are we riding on the wagon enjoying the work of others?

In this work-a-day world of ours each individual has his work to do. No one else can do it for him. There is work for you to do. No one can do it for you, nor should you allow any one to do it, even if they could and would.

Would you expect your neighbor to come over and help you take care of your yard. No. You would rebell at the mere suggestion. Yet some of us are willing for our neighbors to take care of the town. To do all the planning, all the thinking and all the work.

Thank goodness, we have no one so insignificantly small and onery that they neglect and refuse to do their civic duty because they do not like some neighbor. We don't have that class. The only thing the matter with us is that we are all so busy, attending to our private business and fixing up our little homes that we neglect our town work.

It's much nicer to go home of an evening, put on our slippers and house jacket and spend the evening with the wife and kiddies, than it is to attend some meeting to talk over things effecting the city.

But some one has to do it. The work must be done if we would build up such a city as we all hope to see here. It's no excuse to say that because others neglect this duty and this work that you can do so, too. Only lazy men, incompetents and drones make such excuse.

There is work to be done. Each one of us came to Tropico because we liked the people, the town and the location. We hope to make this our home, let us make it a real home—the best home in all California.

WHERE WILL IT END?

An exchange says: In New York City a thousand school boys, annoyed by the rules, struck against them, broke into the lunch room, smashed the furniture, climbed on the tables and sang "Where's the Chicken Axe?" as a protest against the "staid old songs" which form a part of the school exercises. In Pittsburg a few days previously some ten thousand school children struck and held a procession in protest against a disliked school official.

On the same day as the New York affairs two hundred school children whose ages ranged from eight to twelve broke up a grammar school at Cambridge, Mass., by "striking" for less study and more play. Not only did they refuse to attend school, but a procession of one hundred marched to another school house and held up other children peaceably going to their lessons.

These incidents are among the most serious of many that have marked an age of social unrest. They denote a breaking down of discipline, especially of home training, that leads to wonder what the future holds in store for a troubled country. Considered in connection with the immodest dressing of young girls that is seen in every American city, it denotes a serious loss in the old ideals of America.

If the boy will not submit to discipline, the man will rule neither his own bad passions nor others'. The girl who cares nothing of what is thought or said of her demeanor will make neither a good wife nor mother. These conditions are now widespread and general. They are cause for the most serious attention of the country.

INVESTIGATE FIRST.

The Commoner says: "If any Democratic congressman feels tempted to vote against the reduction embodied in the Underwood bill, let him, before yielding to the temptation, find out how many of his constituents get the benefit of the tariff and how many bear its burdens. Then let him ask himself why a few constituents who ask for favors should be given more consideration than the mass of his constituents who believe in 'equal rights to all and special privileges to none.'"

The Unionists of Great Britain are protesting against the appointment of Walter H. Page, editor of the World's Work, as ambassador to the Court of St. James. The average union man can make more kinds of a fool of himself than any other man living. Mr. Page is one of the ablest men that has been appointed to an ambassadorship for ages, and suppose he does not approve of all the idiotic notions advanced by the Unionists, that is no reason he cannot well fill the position to which he has been appointed, to the honor of the United States and to the benefit of every citizen thereof.

Good Service

is that which "makes good" on every promise made—and when we say that **"Tropico Mercantile Service"** is a good service, we mean and can prove that it will come up to your every expectation. Getting what you expect may be satisfying, but it isn't always pleasing. **We aim to please**—in other words, to give you a little more than you expect. Give us a trial.

Comb Honey! This is nice Nevada Honey, and only 20c comb

GANO APPLES! Very nice fruit, 5 lbs. for 25c

Cookies! Nutt Bros.' Home-Made, are very fine, 10c doz.

Asparagus in large cans—and it's peeled—25c can

Asparagus in 1-lb. tins, 2 for 25c

Corn (Country Gentleman Brand), usually sells at 12½c. Our price 10c, 3 for 25c

Elnora Corn, a nice, sweet Iowa pack, 10c can

Royal Corn is a deliciously sweet, tender Maine Corn, 15c can

Van Camp's Beans, in Tomato Sauce—
1s—10c, 3 for 25c
2s—15c, 2 for 25c
3c—20c
(These are not special but regular prices.)

Van Camp's Soups, 10c, 3 for 25c

Tomatoes, Canned, 3 cans for 25c

Tomatoes, Canned, solid pack, 15c, 2 cans for 25c

Coffee

Do you like **GOOD COFFEE?** Then **our blends** will please you. They are **Cup Quality Coffees**, priced at **30c, 35c and 40c lb.**

Demonstration

Of Del Monte Canned Fruits, Vegetables, Catsup and Preserves—May 26, 27 and 28. **Come and try them.**

Egg Plums, in heavy syrup, but just tart enough to be palatable **10c can**

Butter

We guarantee our **SILVER CREST BUTTER**—it's a money back quality; it's made clean and kept clean. Full lb. 35c

Santa Anita Butter is a fresh quality, 32c lb.

New Potatoes, 6 lbs. for 25c
Wax or Green Beans, 3 lbs. for 25c
Green Peas, 4c lb.
Green Asparagus, 10c lb.
Rhubarb, 4c lb.
Cherries, 15c lb.

Sandals and Skuffers are ideal footwear for Children. We have them, also Shoes of quality for Men, Boys and Misses.

Kindergarten Cloth—ideal material for Children's Rompers, Skirting, etc—it's Sun and Tub proof, 25c yd.

Full line of Best Ginghams, 12½c and 13c yd.

Summer Hats—for the garden and seashore—from 35c up

Armour's Grape Juice is delicious, invigorating and strengthening, pints 20c, quarts 45c

Prunes—50-60s, 10c lb. These are from Santa Clara Valley.

Strawberries! We always have **the best**—they are selected berries and picked fresh to our order—and our price is always right.

Chapman's Lawn Dressing is a wonder worker—it's a regular plant food, 50c pkg.

We solicit short-time prompt accounts, which we consider on a **cash basis. Our prices** are as low as possible to buy legitimate merchandise anywhere, and in many instances lower, because of the volume of our trade, and **our quantity cash purchasing power.** A trial will prove this.

Tropico Mercantile Co.

Glendale 19 Home 524

Cor. Central Ave. and San Fernando Rd., Tropico, Cal.

IN THE GULF OF MARTABAN.

April 12, 1913.

Dear Sentinel Folks:

Here we are sailing along on tropical seas. On tropical seas which generally are such clear water, but yesterday we had a "water spout," or rather three of them. The sky was very dark and cloudy ahead of us and a funnel-shaped cloud reached from the clouds in the sky to the water. One came very near to us and we could see the water whirling and swirling and being drawn up into the water spout, just like the dust in our whirlwinds at home.

So far on the trip we have not found much excitement on the water. Many times we see small flying fish, but haven't seen a whale as yet.

Yesterday being the first of April many would not go to see the funnel, or water spout, but after they found it was no "April fool's" joke they moved fast enough.

Tomorrow we arrive at Rangoon, our first port and only stop in Burma.

Since leaving the Philippines we have had a most interesting time in Java and Singapore. These two islands now seem like very real spots to us, while before they appeared only as spots on paper maps.

Java is owned by the Dutch, and they have put almost every inch of the island under cultivation. We had a ride to Baitenzoog, and the railroad ran through acres and acres of rice fields and cocoa groves. We had the same kind of a ride at Singapore, except we went through groves of rubber trees and pineapples.

Yesterday I went in swimming on board ship, and while in the water learned that the Miss Bancroft with us is the daughter of Mrs. Bancroft's brother-in-law, the Mrs. Bancroft who lives just across the street from us on Laurel. Mrs. Bancroft told me that her niece was going to take this trip, but she did not know that she was going on the Cleveland.

The weather while warm is not so terribly hot, and one can most always find some cool spot on the boat, and the nights are fine and that is the main thing.

Later: We are just now anchoring in the mouth of the Rangoon river waiting for high tide so we can go up. There is so much mud and water in this river that navigation is difficult.

EULALIA RICHARDSON.

TOW TO MAKE DWARF TREES.

How gardeners manage to grow miniature pines, firs, and oaks in flower-pots for half a century has always been more or less of a secret. It is the result chiefly of skillful, long-continued, root-pruning. They aim first and last at the seat of vigorous growth, endeavoring to weaken it just as far as possible without destroying the life of the tree. They begin with the young plant, say a seedling of a cedar or hemlock, when only two or three inches high, and cut off its tap-roots as soon as it has other rootlets enough to live upon, and replant it in a shallow earthern pot or pan.

The end of the tap-root is generally made to rest on the bottom of the pan, or on a flat stone within it. Alluvial clay is then put into the pot, much of it in bits the size of beans, and just enough in kind and quantity to furnish a scanty nourishment to the plant. Just enough of water, light and heat is given to keep it alive, but not enough to excite a vigorous habit. Gardeners usually pride themselves on the shape of their miniature trees, and they use strings, wires and pegs, and various other mechanical devices, to promote symetry of habit, or to fashion their pets into odd fancy figures. Thus, by using very shallow pots, the development of the tap-roots is impossible, and by using poor soil and little of it, and little water, rapid growth is prevented. Then, too, the top and side roots, which are within easy reach of the gardener, are shortened by means of a pruning knife, or are seared with a hot iron. In this manner the little tree is headed off on every side and is allowed to grow just enough to live and look healthy. Accordingly, each new set of leaves becomes more and more stunted, the buds and rootlets are diminished in proportion, and at length a balance is established between every part of the tree, making it a dwarf in all respects. In some species this end is reached in three or four years, while in others ten or fifteen years are required.

WOULD BENEFIT ALASKA.

Secretary Lane is in favor of the government building a railroad in Alaska. The secretary says:

"I am convinced that we should think of Alaska as a land not only of mines and fisheries, but of towns, farms, mills and factories, supporting millions of people of the hardiest and most wholesome of the race.

"If this conception of a possible Alaska is a true one, our legislation should be such as to most surely bring about this possibility, and it seems to me there is less of hazard as to Alaska's future if the government of the United States owns the railroads which will make its fertile interior valleys accessible from the coast and bring its coal, iron, copper and other mineral resources within the reach of the world.

"This is a new policy for the United States. Very true. This is a new part of the United States. And policies properly change with new conditions. The one determining question in all matters of government should be, "What is the wise thing to do?"

CUTTING OIL MELONS

New York.—Standard Oil melons are ripening and being cut so fast nowadays that it is pretty difficult to keep track of them. On Wednesday, the Standard Oil company of Nebraska announced a stock dividend of 25 per cent. On the same day the South Penn Oil company announced one of 300 per cent and the Standard Oil company of Kansas a dividend of 10 per cent and an extra one of 100 per cent in stock.

The directors of the Standard Oil company of New York late this afternoon issued a call for a special stockholders' meeting here June 5 to authorize an increase in the capital stock from $15,000,000 to $75,000,000. There is no doubt this authorization will be obtained as it means the declaration of a stock dividend of 400 per cent, equivalent to a distribution of $60,000,000 to stockholders whose names appear on the transfer books on June 13. In addition the stockholders will receive a cash dividend of $6 a share payable June 16. The stock of the Standard Oil company of New York advanced twenty-five points today, to 700 in anticipation of the announcement which came shortly before the close of the market.

Early in 1912 the stock sold at 260. Last December it advanced to 625 on a report of a stock dividend to be declared in January. It was delayed because of the desire of the officers to reduce the floating debt. In the beginning of 1912 it was $16,000,000, but now it is said to have been wiped out.

The company has been paying 6 per cent dividends on the capitalization of $15,000,000. It is said to have a surplus in excess of $45,000,000. It has merchandise on hand valued at $41,800,000 and $21,963,000 in cash and bills receivable.

SPRINGFIELD HAS EIGHTEEN FIRE MOTORS

The city of Springfield, Mass., has received world wide fame on account of its early and rapid adoption of motor-driven fire apparatus, now having 18 Knox machines in service, embracing all forms of apparatus from chiefs' and chemical cars to special lifesaving cars and a water tower with Knox Martin tractor, as well as two electric hook and ladder trucks and an electric chemical machine.

The efficiency of this splendid motor department was put to a severe test on the 4th and 5th of July just passed, and is the opinion of Chief Daggett it unquestionably saved the city from a serious conflagration.

"On the Fourth we had a total of 18 alarms," says Chief Daggett, "which were scattered all over the city, while on the fifth, 12 alarms were rung in, of which half were received in rapid succession between noon and 4 o'clock in the afternoon, necessitating such rapid response on the part of the department, that the apparatus on several occasions did not have time to return to the engine houses between calls."

"The total mileage for the two days' fires from the main fire headquarters was over 50, and with the thermometer hovering around the 90's on both days, one can readily imagine what would have become of Springfield if it had been dependent upon horses to pull its apparatus.

"Although several of the fires were situated in dangerous localities, each one was reached and put out before it had time to assume serious proportions and so promptly were they handled that no second alarm was necessary throughout the two days of strenuous work, and practically all of them were put out with chemicals, without the assistance of a drop of water.

"This result, in my opinion, is a strong testimonial of the automobile fire fighting apparatus and particularly of the effectiveness of the auto chemical on account of its great speed and ability to choke a blaze in its incipiency with the smallest possible property loss and damage."

HAPPENINGS

Mrs. S. E. Busser is visiting her daughter, Mrs. Chas. Phillips.

Miss May Rigali has been visiting friends in Garvanza for the past week.

The Presbyterian choir has been reorganized and will be lead by Kenneth Barrager.

Frank Davis and A. T. Davis are attending the "Big K of P Doiggs" at San Diego, Cal., this

Miss Ida Busser has been visiting in Orange county for the past week.

Mr. W. W. Hamilton of 10th street left Tuesday for Iowa, where he will visit relatives, from four to six weeks.

Mr. A. P. Stone left last Saturday for Imperial Valley, where he will be engaged in business for about one week.

The You and I Club will meet at the home of Mrs. J. Lawton, Gardena avenue, next Friday afternoon.

Lancaster is to vote on the question of issuing $20,000 worth of bonds for school purposes, June 14.

Miss George Duffet of Glendale, Mrs. Mabel Kendale of Burbank and Miss Catherine Hobbs were entertained at a dinner Wednesday by Miss Mabel Evans Hough of 619 Central avenue.

Mr. W. C. Anderson of Gardena avenue left last week on a business trip to San Diego. He is expected to return some time this week.

Mr. and Mrs. J. S. Dehnel and Mrs. Fannie Sutherland, of Pomona, were the week-end guests of Mr. and Mrs. Wayland Chapman. Mrs. Fannie Sutherland, Mrs. Chapman's mother, will stay for a few weeks.

Mrs. Delia Hapgood and daughter, Mrs. B. F. Burlingham, left last Friday by auto for San Diego with Mr. and Mrs. R. A. Talbor of that place, and will be their guests for ten days, returning by boat.

Mr. and Mrs. C. E. Goddard and family have returned from a year's stay in Arkansas. Mr. Goddard expects to start a first-class watch and jewelry business in Tropico, which he formerly did at his residence, but now to devote all his time to it.

Master Charles Phillips and Elmer Findley celebrated their fourth birthday Tuesday by giving an "animal" party to ten of their playmates. The young gentlemen kindly allowed their mothers to be present, but strictly tabooed their fathers.

Miss Edith Romerman, who has been living in Tropico for the last six months, left Tuesday for Kansas City, Mo. Miss Edith has made a number of good friends in Tropico, who will miss her gentle, loving presence.

Chapter A. H. of P. E. O.'s was represented Thursday at the state convention held at San Diego, by four of its members: Mrs. John Hobbs, Mrs. Wesley Bullis, Mrs. Wm. Wattles and Mrs. Joe Webster. Mrs. Wattles and Mrs. Webster were delegates to the convention.

Mr. and Mrs. J. Herbert Smith and Mrs. E. W. Richardson attended the Mission Play Sunday afternoon. They report a splendid time as well as a fine play. A big crowd was in attendance. The Mission Play it to close for the season June 1st, and many are taking this oportunity to see it before the season closes.

Considerable excitement was created in town last Thursday night, some nervous people even thinking the country had been invaded by the Japanese. The shooting and noise was on Glendale avenue and was enough to make one think an invasion of some kind had been made, but it proved to be nothing more serious than a charivari to August Carpi and Miss Margaret Dixon, who were married Thursday afternoon.

Mrs. E. J. Morgan, 409 North Central avenue, entertained some of her friends at luncheon last week. The evening was spent very pleasantly and all enjoyed themselves immensely. Those present were Miss Palmer, of New York, niece of Mrs. Morgan; Mesdames A. W. Collins, Tower, E. F. Tholen, A. H. Shepard, J. H. Seaman, Edw. Lynch, J. H. Webster, W. E. Burk, and E. J. Morgan.

Last Saturday afternoon Miss Helen Beatrice Cooper of 517 Gardena entertained at an informal tea Misses Lorna Gregg, Glenora Zink, Rosel Hill, Helen Hill, Marie Preston, Carolyn Hayes, May Regali, Agnes Regali, Lydia Perryo, Julia Byloff and Helen Veselich. The house was elaborately decorated with roses, honeysuckle and nasturtiums. The afternoon was passed most pleasantly in sewing and listening to an interesting account of a recent world tour made by Miss Rosel Hill.

Saturday evening a surprise dance was given by Mrs. Zerr, of Glendale, in the K. of P. hall, in honor of her daughters, Misses Francis and Angie, both of whom attended Glendale high school two years ago. The hall was beautifully decorated in green; also the electric lights. About thirty-five couples were present, and some of these were from Los Angeles. Music for the occasion was furnished by Imes' orchestra, and refreshments were served by the Society Shop.

Mr. H. W. Davenport, father of Hal M., returned to Nebraska Sunday. Mr. Davenport has spent about two months visiting in Southern California, and Hal used all his eloquence, for which he is noted, to persuade his father to remain permanently in California, but without avail. Mr. Davenport says California is fine and he wants to come again, but he has lived too long in the land of cyclones and blizzards to desert it now.

There are all kinds of houses in Tropico. In fact, Tropico is noted for its original, attractive and beautiful homes, but probably the most thoroughly unique and complete little house is the one just being completed by Mr. A. P. Stone on Laurel. The original draft for this house was first made by Roy Bancroft. Then Wm. Marchant elaborated on the original plans. Then Mr. Stone and Mrs. Stone made suggestions, some of which were accepted. Then Miss Alta Stone took a hand and added the dainty touches. Then Mrs. Ella Richardson suggested the shoe cabinet and the other neighbors all made their contributions, so it might be said that this little house is the combined efforts of at least a dozen men and women. If any one can suggest any improvement such suggestion would be thankfully received. The house isn't big, but um! Um! How cumfy it would be for some newly married couple.

IN COMMEMORATION.

N. P. Banks Post and Corps of Tropico will hold memorial exercises for our soldiers gone in G. A. R. hall on Glendale avenue, Tropico, Sunday, May 25, at 3 o'clock p. m. Rev. Vanhorn will deliver the memorial address, and there will be other appropriate features to commemorate the day. All are cordially invited to be present and aid in perpetuating this noble and loyal custom of showing honor and devotion to those who gave their lives that we might enjoy the blessings of freedom. The program:

1. Song.....“Star Spangled Banner”
2. Prayer.....C. R. Norton
3. Scripture Reading.....Rude Dodd
4. Solo.....Mr. Booth
5. Memorial Address.....Rev. Van Horn, D. D.
6. Solo, “The Sword of Bunker Hill”.....Com. Lovless
7. Song.....All
8. Announcements.
9. Benediction.....D. D. Cheney

KITCHEN SHOWER.

The Philathea girls of the Presbyterian church gave a kitchen shower in honor of Miss Mable Evans Hough, bride-elect, at the home of Miss Alta Stone, 201 Brand boulevard, Tuesday evening.

A sewing contest was held and Miss Mable Evans Hough received the prize, and Miss Katherine Hobbs received the prize in the guessing contest. A drawing of pardners was then engaged in, and each couple going into the kitchen and cooking their own waffles, caused not only merriment, but an event which was very appropriate for a kitchen shower. Those present were Miss Mable Evans Hough, honored guest, and the Philathea class of about fifteen.

LINEN TOWEL SHOWER.

At the home of Miss George Duffet, 1008 Chestnut street, Glendale, a linen towel shower was given in honor of Miss Mable Evans Hough, the bride-to-be of Mr. Glen Craig, of Burbank. The house was beautifully decorated in yellow roses and the gifts were hid in the trees and flowers in the garden. Music and dancing was enjoyed during the afternoon and dainty refreshments were served.

The invited guests were Misses Mable Evans Hough, bride-to-be; Alpha Clement, Ray Davis, Mary Jane Evans Hough, Ruth Brown, Emily Ellias, Ester Jones, Gean McNutt, Luella Moore, Lita McCoy, Katherine Hobbs, Merle Oliver, Blanche Lyons, Dorthy Hobbs, Alma Turner, Violet Turner and Mrs. Wm. Livingston.

The Other Side.

The Glendale Boy Scouts of America, held their monthly banquet in the ravine of their scout master, Mr. Latter. The feast consisted of (doggies) beans, potato salad and cocoa. They then told camp fire stories and retired at 10 o'clock. Just as they were falling into slumberland, down swooped the would-be scouts of Tropico under the leadership of Master, Joy Goodsell. The Glendale Scouts rallied and charged but the would-bes succeeded in getting away with a few hats, coats, and blankets. Three out of the thirteen intruders were capturned, including their Patrol Leader, Harold Benner. This scout was kept until 11:30 o'clock, at which time he promised to return the loot. The raiders were Harold Benner, Tolly Boon and William Pahland (who were caught), Joy Goodsell, Russel Harrison, Robert Carmack, Madison McNutt, Thomas Phillipp, Jamie Shea, Merrill Burke, Homer Morgan, Herbert Bertaux and Jean Imler.

SCHOOL NOTES.

A baseball game was played Saturday between Glendale High School and the U. S. C. preps. on their grounds. The game was very interesting by the good playing of both teams, which lead to another victory for us by a score of 3 to 0.

A dance was given Friday evening in the K. of P. hall, Glendale, by the Tennis Club of the High School. This was an outing affair and the boys and girls were dressed in white. A large number of the students attended and a good time was enjoyed.

Wednesday noon the Senior girls of the High School gave a luncheon, which was served on the lawn in front of the building. This was to raise money for the Senior Stylus, a paper written and published by the students, which each class puts out during the year. This paper is due near the close of the school year, near the end of June. The girls were very successful and cleared $24.00.

Next Friday evening in the High School auditorium a musical is to be given by the High School students under the direction of Mrs. Dora Gibson, who is the instructor of music at the High School. This entertainment is given to help pay for the Victrola which the students bought last year.

RESPONDING ELECTRIC PUSH BUTTON.

An electric push button devised to indicate a return signal has been invented by a Norwegian electrician. The apparatus is a very simple contrivance which can be attached at a slight cost to any push button connected with an electric bell.

By means of an electric magnet, directly behind the signal button, a dull buzzing sound makes known whether the person called is present. Besides assuring the one signaling that he has been heard, it will save the one called the annoyance of listening to repeated ringings.

AUSTRALIAN BEEF COMING.

SAN FRANCISCO, May 15.—Four hundred thousand pounds of frozen beef was today landed from Australia, as the first shipment of its kind. It was sent with the understanding that the middleman will make only a nominal profit.

If they violate their pledge the Australian government will ship direct. An immediate fall in prices is expected. A steamer line has ordered four refrigerator ships for this trade.

Tea, Coffee and Spices

A good cup of coffee at breakfast time brings the usefulness of a man's energy up to the standard. He does his day's work with a will and comes home in the evening to a cup of tea that is brewed to his liking. The housewife and this store makes it possible. Spices too, add to the cooking when they are purchased here.

SOME QUEER TABLE MANNERS.

"Until the middle of the seventeenth century," writes Rose M. Bradley in the English Housewife, "forks were a luxury, treated rather as toys, elegant, with jeweled handles, wherewith the ladies might pick daintily at their sweetmeats." Before the carving fork was introduced paper covers were placed over those portions of the meat which had to be grasped with the left hand. The paper frills sometimes seen nowadays on cutlet bones are said by the author to be a survival of the old custom. After smarting under foreign criticism on their table manners, Englishmen turned to French "Rules of Civility," and others were compiled in English.

Readers were warned "not to wipe knife or fork on bread or the cloth, but on napkins." They were also requested "not to pick their teeth at table with knife or fork." "Lady Rich's Closet of Rareties," published in 1653, begs each gentlewoman to "observe to keep her body straight, and lean not by any means with her elbow, nor by ravenous gesture discover a voracious appetite."

Nor must she talk with her mouth full of meat nor "smack like a pig," nor eat spoon meat so hot that the tears stand in her eyes. "It is very uncomely," the author adds, "to drink so large a draft that your breath is almost gone and you are forced to recover yourself. Throwing down your liquor as into a funnel is an action fitter for a juggler than a gentlewoman."

The San Fernando Mission Land Company has filed suit against General Pipe Line Company of California to prevent that company from pumping water from their wells on the San Fernando road just north of San Fernando.

The Glendale Laundry Company always on the look out for any needed improvement to simplify and expedite the mark necessarily demanded, have lately added several new sorting tables. With the new machinery lately installed the Glendale Laundry now ranks among the leaders of Southern California. Their many patrons in Tropico and Glendale attest to this.

Every great progress marked in the world's history was born in the dreams of some great thinker, who wrought his dream into concrete form.—Barett.

THE SON ANSWERS

The "poem" which a father wrote to his boy on presentation of an alarm clock will be recalled.

Upon receiving the clock and poem the son answers as follows:

TO SHAKESBEER

I don't see how dot klock you part
YOU surely wont be quite so smart.

You yust should see me now—by jing
Veneffer dot nice klock does ring.

Yust so sure as your alive
I gets me oop py half past five.

Und dis mornings I gets me oop by four
Sometimes I vas pehint before.

Over now I vas before behind
Dot leedle klock does me remind.

I starts de fire, de biskits make,
Likewise some coffee und and pancake.

Mine frow her yob she now does shirk
Vile I gets oop and does de work.

The breakfast I do then
Ged oud into the chicken pen.

Der rooster he dond need to crow
I vake der hens myself you know.

Und up and down and roundt I chase
Und you shust should see der eggs dey lays.

Each hen does lay bayme dree or four
Und sometimes several many more.

Der Ducks I feed und milk der Kitten
Vile dot nice klock keeps on er hitten.

Ven Mary lays her aubern head
Upon her soft and downey bed

I slips der klock close to her ear
Und set der larm so she can hear.

Und ven its leedle song it sings
She throws it at my head saying by jings.

Of I could get you by der de hair
I'd make one spot on your pate bare.

Dot leedle klock mit its alarm
I wouldn't drade it for a farm.

Already yet it brings good cheer
For Christmas und der glad New Year.

Id makes me dink of dose avay
Und vish dot dey vas here dis day.

Und ven I hear id go ting ling
Der tellifone I dink does ring.

I holds id up close to my ear
Und says "Hello," dot you Shakesbeer.

Und den de answer makes me glad
Id says hello is dis you dad.

Und den I hold it close mit joy
For I can hear my Shakesbeer boy.

I answer yes, vy you so earl up,
You say mine frau she got a clup?

Und since der klock mit you I part
She use der clup sometimes right smart.

You bet I do I hear her say
Or he would lay abed all day.

Und now Shakesbeer good by so long,
May New Years peace and joy and song

Be with you all der long year through
Und evry day day have skies so blue.

Und Sun so bright
Mit no dark night.

Edgar Pallen O.

THE TRUSTEE'S MEETING

Continued from page 1

vised that an ordinance be drafted covering the keeping of chickens, horses, cows, etc., on city lots.

Mr. Baker further suggested that Dr. Mabry with his knowledge of conditions existing in Tropico as to sanitation, look up possible material for a set of rules covering his office, and then he, Mr. Baker, would draft ordinances to be acted upon by the Board. He suggested that the city purchase a copy of the Los Angeles Penal Ordinances. This was made a motion and carried and the city clerk ordered to comply.

No further business being offered the Board upon motion adjourned.

The P. E. has made application to the Los Angeles City Council for a 21-year franchise for a single or double track line from the intersection of Hollywood and Maupert avenues to Los Feliz avenue. If granted this will give the street car company a line to the entrance of Griffith Park.

The peach crop in the San Joaquin and Sacramento valleys is reported as being extra good this spring, but the plum and cherry crops are short.

Reports from Sacramento, Cal., are to the effect that a light crop of wine grapes and a full crop of table grapes may be expected. At Stanislaus there will be a full crop of both.

NOTICE OF STREET WORK

Notice is hereby given, that the Board of Trustees of the City of Tropico, on the 6th day of March, 1913, did at its meeting on said day, adopt a Resolution of Intention No. 124 to order the following street work to be done, to-wit:

First—That

CYPRESS STREET

From the easterly line of Glendale Avenue to the southerly prolongation across Cypress Street of the easterly line of Mountain Avenue, including all intersections of streets, be graded, oiled and tamped to the official grade in accordance with plans and profiles on file in the office of the City Engineer and in accordance with specifications number 9 for the grading, oiling and tamping of streets in the City of Tropico.

Second—That a cement curb be constructed along each line of the roadway of said Cypress Street, from the easterly line of Glendale Avenue to the southern prolongation across Cypress Street of the easterly line of Mountain Avenue, including returns at all street and alley intersections, in accordance with Specifications Number 2 for the construction of cement curbs in the City of Tropico.

Third—That a cement sidewalk five feet in width be constructed along each side line of Cypress Street, from the easterly line of Glendale Avenue to the southerly prolongation across Cypress Street of the easterly line of Mountain Avenue, including returns at all street intersections, in accordance with specifications number 1 for the construction of cement sidewalks in the City of Tropico.

Fourth—That

MOUNTAIN AVENUE

From the northerly line of Cypress Street to the northerly line of Tract Number 282, as per map recorded in Book 14, Pages 118 and 119 of Maps, Records of Los Angeles County, California, including all intersections of streets and alleys, be graded, oiled and tamped to the official grade, in accordance with plans and profiles on file in the office of the City Engineer and in accordance with specifications number 9 for the grading, oiling and tamping of streets in the City of Tropico.

Fifth—That a cement curb be constructed along each line of the roadway of said Mountain Avenue, from the northerly line of Cypress Avenue to the northerly line of said tract numbered 282, including returns at all street and alley intersections, in accordance with specifications number 2 for the construction of cement curbs in the City of Tropico.

Sixth—That a cement sidewalk five (5) feet in width be constructed along each side line of said Mountain Avenue, from the northerly line of Cypress Street to the northerly line of Tract Number 282, in accordance with specifications Number 1 for the construction of cement sidewalks in the City of Tropico.

Section 2—All plans and profiles referred to in this resolution are on file in the office of the City Engineer of said city. All specifications referred to in this resolution are on file in the office of the City Clerk of said city. Said plans, profiles and specifications are hereby referred to for more particular description of said work and made a part hereof.

Section 3—The Board of Trustees of the City of Tropico determines that serial bonds shall be issued to represent assessments of twenty-five dollars ($25.00) or over for the cost of said work or improvement; said serial bonds shall extend over a period ending nine (9) years from and after the second day of January next succeeding the date of said bonds, and an even annual proportion of the principal sum thereof shall be payable, by coupon, on the second day of January every year after their date until the whole is paid; and the interest shall be payable, semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven (7) per cent per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an act of the Legislature of the State of California, entitled "An Act to provide a system of street improvement bonds to represent certain assessments for the cost of street work and improvement within municipalities, and also for the payment of such bonds," approved February 27, 1893, and of all acts supplementary thereto or amendatory thereof.

Reference is hereby made to said Resolution No. 124 for further particulars of said work.

J. L. FISHBACK,
Street Superintendent of the City of Tropico, California.
Dated May 21, 1913.
May 21—1t

NOTICE OF AWARD OF CONTRACT.

Pursuant to Statute and to the Resolution of Award of the Board of Trustees of the City of Tropico, California, adopted the 8th day of May, 1913, directing this notice, notice is hereby given that the said Board of Trustees, in open session on the first day of May, 1913, opened, examined and publicly declared all sealed proposals or bids offered for the following work, to-wit:

First.—That all that portion of the roadway of Boynton Street from the South line of Moore Avenue to a line drawn across said Boynton Street Five Hundred and Thirty-five (535) feet Southerly from and parallel with said South line of Moore Avenue, including all street and alley intersections, be graded, oiled and tamped in accordance with the plan and profile on file in the office of the City Engineer, and specifications for the grading, oiling and tamping of streets on file in the office of the City Clerk of the City of Tropico, said specifications being numbered Nine (9).

Second.—That a cement curb be constructed along each line of the roadway of Boynton Street from the South line of Moore Avenue to a line drawn across said Boynton Street Five Hundred and Thirty-five (535) feet Southerly from and parallel with said South line of Moore Avenue, including returns at all street and alley intersections, in accordance with the specifications for the construction of cement curbs on file in the office of the City Clerk of the City of Tropico, said specifications being numbered Two (2).

Third.—That a cement sidewalk five (5) feet in width be constructed along both sides of Boynton Street from the South line of Moore Avenue to a line drawn across said Boynton Street Five Hundred and Thirty-five (535) feet Southerly from and parallel with said South line of Moore Avenue, in accordance with the specifications for the construction of cement sidewalks on file in the office of the City Clerk of the City of Tropico, said specifications being numbered One (1).

SECTION 2.—That all that portion of Moore Avenue from the Southerly prolongation across Moore Avenue of the East line of Dunbarton Street to a line drawn at right angles across said Moore Avenue from a point Three Hundred Sixteen (316) feet East from the Southwest corner of lot 37 of Watts Subdivision of a part of the Rancho San Rafael as per map recorded in Book 5, pages 200 and 201, of Miscellaneous Records of Los Angeles County, California, including all street and alley intersections, be graded, oiled and tamped in accordance with the plan and profile on file in the office of the City Engineer, and specifications for the grading, oiling and tamping of streets on file in the office of the City Clerk of the City of Tropico, said specifications being numbered Nine (9).

Second.—That a cement curb be constructed along each line of the roadway of Moore Avenue from the Southerly prolongation across Moore Avenue of the East line of Dunbarton Street to a line drawn at right angles across said Moore Avenue from a point Three Hundred Sixteen (316) feet East from the Southwest corner of lot 37 of Watts Subdivision of a part of the Rancho San Rafael as per map recorded in Book 5, pages 200 and 201, of Miscellaneous Records of Los Angeles County, California, including returns at all street and alley intersections, in accordance with the specifications for the construction of cement curbs on file in the office of the City Clerk of the City of Tropico, said specifications being numbered Two (2), excepting along such portions of Moore Avenue upon which a cement curb has already been constructed to the official line and grade.

Third.—That a cement sidewalk Five (5) feet in width be constructed along both sides of Boynton Street from the Southerly prolongation across Moore Avenue of the East line of Dunbarton Street to a line drawn at right angles across said Moore Avenue from a point Three Hundred Sixteen (316) feet East from the Southwest corner of lot 37 of Watts Subdivision of a part of the Rancho San Rafael as per map recorded in Book 5, pages 200 and 201, of Miscellaneous Records of Los Angeles County, California, including returns at all street intersections, in accordance with the specifications for the construction of cement curbs on file in the office of the City Clerk of the City of Tropico, said specifications being numbered One (1), excepting that said sidewalk be omitted along such portions of Moore Avenue upon which a cement sidewalk five (5) feet in width has already been constructed to the official line and grade.

SECTION 3.—The Board of Trustees of the City of Tropico determines that serial bonds shall be issued to represent assessment of twenty-five dollars ($25.00) or over for the cost of said work or improvement; said serial bonds shall extend over a period ending nine (9) years from and after the second day of January next succeeding the date of said bonds, and an even annual proportion of the principal sum thereof shall be payable, by coupon, on the second day of January every year after their date until the whole is paid; and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven (7) per cent. per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled "An Act to provide a system of street improvement bonds to represent certain assessments for the cost of street work and improvement within municipalities, and also for the payment of such bonds," approved February 27, 1893, and of all acts supplementary thereto or amendatory thereof.

And thereafter, to-wit, on the said 8th day of May, 1913, said Board of Trustees awarded the contract for said work to the lowest regular responsible bidder, to-wit, The John R. Ott Contracting Company, at the price named for said work in their proposal on file, to-wit:

Grading, per linear foot, 15 cents; oiling and tamping, per square foot, 2⅝ cents; curb, per lineal foot of cement curb, 25 cents; sidewalks, per square foot of sidewalk, 8¼ cents.

And that said award has been approved by the President of the Board of Trustees of the City of Tropico.

City Clerk's Office, City of Tropico, California, May 14th, 1913.

S. M. STREET,
City Clerk and Ex-officio Clerk of the Board of Trustees of the City of Tropico.
